

LX1000e

COLOR LABEL PRINTER

LX2000e

COLOR LABEL PRINTER

Primera's **LX1000e** and **LX2000e** are pigment-based label printers capable of producing durable labels in large quantities. Large, separate ink cartridges for cyan, magenta, yellow and black keep cost per label low. The combination of pigment-based inks and various synthetic materials make LX1000e/LX2000e labels highly water and UV resistant.
